

What Chemists Do

by Maxfield P-N., 4th grade

According to Wikipedia, "A chemist is a scientist trained in the science of chemistry. Chemists study the composition of matter and its properties such as density, acidity, size and shape." They also make medicines that help people and animals when they are sick. Sometimes they make formulas to test on animals. They may even test them on themselves!* That's what I know about chemists.

**Editor's Note: we don't recommend testing things on animals or on yourself!*

Hilarious Halloween!

One Halloween night Jimmy and his sister Lucy were trick-or-treating on their street and came to a old spooky house. Lucy said, "There's no way I am going in there!" but Jimmy was a dare devil and said, "Let's go there!"

Then Jimmy said to Lucy, "Don't be scared it's only an old house." Lucy said okay to that and followed Jimmy up the path. The door creaked open, and they found themselves in a dusty room. At the far end of the room was a staircase where Ted, Fred, and Ed were sitting.

Who are they? We do not know. Why ask us? It's not like we are the people who wrote this story, ...are we?

Ted, Fred, and Ed... BOOO!!!!

The End!

THE SMOOTHIE AND TRAIL MIX PAGE

INTRODUCTION

We made smoothies today. Smoothie A was three berry punch, B was the strawberry banana smoothie and C was the all fruit smoothie. Smoothie B got the best rating. It was the best smoothie for most people, including us!

We also made trail mix. The ingredients were: granola, almonds, raisins, dried pineapple, banana chips and granola mix, and each person got to make their own combination.

We had so much fun!

←BEFORE!

DIRECTIONS

Add the following ingredients to a blender and mix until smooth.

Smoothie A

2 cups apple juice
4 spoonfuls of vanilla yogurt (we used Nancy's Vanilla)
12 frozen strawberries
12 frozen blackberries
12 frozen raspberries

SMOOTHIE B

2 cups apple juice
4 spoonfuls of vanilla yogurt
1 large banana
12 frozen strawberries

Smoothie C

2 cups apple juice
1 large banana
12 frozen strawberries
12 pieces of frozen mango

Trail Mix

Mix your own combination of nuts, granola, dried fruits, cereal, pretzels, crackers, etc.!

AFTER!

QUOTES

Smoothie A

"Smoothie A was very strong, just how I like it. I was going to rate it higher than a 5."

~ Maxfield

SMOOTHIE B

"Smoothie B is sweet and nice!" ~ Wesley

"Smoothietastic!" ~ Liam

"I liked Smoothie B the best."

~ Gabe

"I think I liked Smoothie B the best. It was thinner than the others."

~ Meredith

Smoothie C

"Smoothie C was great because it tasted a lot like fruit..." ~ Isabel

"I liked C a LOT!" ~ Callia

"Smoothie C was really, really delicious!" ~ Gillian

Trail Mix

"The way the ingredients were mixed was nice!"

~ Wesley

3 GREAT Soccer Players

By Wesley G., 4th grade

The world has many great soccer players.
These are a couple of my favorites.

DIMITAR BERBATOV

Manchester United's striker Dimitar Berbatov. His clubs have been: CSKA Sofia, Bayer Leverkusen, Tottenham Hotspur, and Manchester United.

<http://en.wikipedia.org>

DAVID BECKHAM

LA Galaxy's midfielder David Beckham. His clubs have been: Milan, Real Madrid, Tottenham Hotspur, Preston North End, LA Galaxy, Brimsdown Rovers, and Manchester United.

<http://en.wikipedia.org>

DIEGO MARADONA

Striker Diego Maradona played on the clubs: Boca Juniors, Sevilla, Napoli, Newell's Old Boys, FC Barcelona, and Argentinos Juniors. (center).

ABIXIA by Seth Wilson, 5th grade

Abixia* has changed its flag! This new flag has a catnip leaf in the coat of arms because that's the emblem of Abixia. And it has two other national flags in the top half of the coat of arms. The silver one with the gold circle is the flag of Booneo, another country in Boldracia. The other flag, the flag with the gold and silver bars, is the flag of Fcharrm (sh-arm).

ABIXIAN NEWS

Semlo (another country in Boldracia) has declared war on Abixia because they sold Abixia a region that we call "Horseland."

This makes Semlo landlocked, AND their main armed force is the NAVY.

* You can read more about Seth's country of Abixia in the March 2009 and June 2009 issues of the Edison Light Bulb, at edison-student-publishers.wikispaces.com

Veterinarians Who Work With With Cats

by *Isabel S. and Callia V-W.*

WE LOVE CATS!!!

Vets diagnose and treat sick and injured animals. Some work in a general practice and treat all kinds of animals, but some specialize in cats or other animals such as dogs or horses.

Vets must be able to communicate with animals, and their owners, in a patient way, so the pets and owners know what the vet is doing and aren't scared about it. Vets must recognize symptoms of different diseases like cancer, and be able to tell what treatments and medicines to use. Good surgical skills are a very necessary thing.

A lot of training is required in order to become a licensed vet. You must have an interest in cats. You also need to be interested in science, biology, chemistry, physics etc. You should know a lot about science. You must graduate with a doctor of vet medicine degree, from an 'accredited'* school of vet medicine, and will need to be licensed in order to practice. Taking more classes even after you graduate is important, because you might not have studied everything that you need to know, and you will need to learn about new treatments that are discovered.

**accredited means that experts agree the school does a good job*

Spooky NEOPETS!!!! (BOO!)

By William B., 5th Grade

Neopets Treats
New games!!!!
With neat treats
The new game challenge lets
you get items. By beating high
scores, you could get some
neat treats.

Spooky Paint Styles!!
You can paint your Neopets different
colors with paint brushes.
However, be careful! They cost a lot
of NP (the currency)!!!!

Glowing	Cost: 42,000NP
Ghost	Cost: 149,000NP
Halloween	Cost: 1,600,000NP
Zombie	Cost: 6,000,000NP

Don't have enough NP?
You can go to the pound
and adopt a spooky Neopet.
(This is easier said than done
because you probably aren't
the only one looking for one).

How to Survive through 3rd & 4th Grade!!!!!!

Wesley's Advice:

Try not to get a yellow or orange card, and never get a red card. Try to get into lunch club, so you can eat lunch in class and play games. Get your homework in on time. And do not stay in the bathroom too long.

Seth's Advice:

Entertain yourself during recess!
